

Industry Profile

61 Education Services

The Educational Services sector comprises establishments that provide instruction and training in a wide variety of subjects. This instruction and training is provided by specialized establishments, such as schools, colleges, universities, and training centers. These establishments may be privately owned and operated for profit or not for profit, or they may be publicly owned and operated. They may also offer food and accommodation services to their students.

Educational Services are a large segment of the Utah economy, representing 10.6 percent of all employment. The vast majority of educational employment is within governments, who constitute 77 percent of all education jobs. Education has an average monthly wage of \$2,096, 15 percent lower than the statewide average for all industries.
